GLOBAL MARITIME DISTRESS AND SAFETY SYSTEM (GMDSS)

DRAFT REFERENCE PUBLIC SERVICES AGREEMENT

<i>Executive Summary:</i>	this document provides the text of the draft Reference Public Services Agreement (PSA) amended to take account of IMO Resolution A.10001(25)
<i>Action to be taken:</i>	1. to note the Reference PSA, as amended; 2. to note that the Director will submit the Reference PSA to the Assembly for approval
<i>Related documents:</i>	none

1 BACKGROUND

At its Seventeenth Session, in approving the amendments to the IMSO Convention developed at that Session, the Assembly noted that further work was necessary on other supportive instruments, such as the Reference Public Services Agreement. The Assembly requested the Advisory Committee to work with the Director in developing a draft Reference Public Services Agreement and to assist the Director with any matters pertaining to the introduction of new Providers.

The Advisory Committee continued discussions regarding the PSA at its Twelfth to Sixteenth Sessions and the following documents were submitted to the Eighteenth Session of the Assembly held in September 2006:

- (a) ASSEMBLY/18/5 and Addendum 1 and 2 “Draft Reference Public Services Agreement”, containing the text which was agreed at the Thirteenth Session of the Committee;
- (b) ASSEMBLY/18/5/ADD/3 “Draft Reference Public Services Agreement: Assignment Clause”, containing the text of the Assignment Clause which had been agreed at the Sixteenth Session; and
- (c) ASSEMBLY/18/5/ADD/4 “Draft Reference Public Services Agreement: IMO Evaluation and Approval: Alternative Text”, containing which contained an alternative draft text of the Reference Public Services Agreement which could be used if IMO decides to undertake evaluation and approval of new satellite operators itself.

The Assembly noted these documents and decided *“that the Director will work in consultation with the Advisory Committee to develop the draft Reference Public Services Agreement to take account of any decisions which may be taken by IMO in respect of evaluation and recognition, for approval by the Assembly.”*

At its Twentieth Session, held in December 2007, the Advisory Committee noted document AC/20/5.2, in particular that:

- “(a) the IMO Assembly had adopted Resolution A.1001(25) on Criteria for the provision of Mobile Satellite Communication Systems in the Global Maritime Distress and Safety System (GMDSS), which revoked previous Resolution A.888(21) and MSC/Circ.1077.*
- (b) the Director will review the present texts of the Draft Reference Public Services Agreement (Draft Reference PSA) and the present PSA in force between IMSO and Inmarsat, make any consequential amendments that may be necessary to accommodate the texts with the content of the new Resolution A.1001(25), and circulate those texts to the Advisory Committee for consideration and subsequent submission to the Assembly, as requested by the Assembly at its Eighteenth Session.”*

The revised text of the Reference Public Services Agreement is attached. The above mentioned consequential changes are shown in grey shaded text.

2 ACTION REQUIRED

The Committee is invited to note the text of the draft Reference Public Services Committee, which the Director will submit to the IMSO Assembly for approval.
